

PUPIL LEADERSHIP NEWS

Prefects

This term our Prefects lead a Mother's Day Coffee Morning to say thank you to all of our mothers and female carers. They read poems, shared funny jokes and gifted everyone with flowers. Thank you to all those who attended the event!

Language Ambassadors

During the week of February 19th to 23rd, our Language Ambassadors played a pivotal role in organizing and hosting an event to commemorate International Mother Tongue Day. The event aimed to foster cultural awareness, encourage language learning, and promote respect for diversity.

Peer Mentors

During this term, our peer mentors have been focusing on helping build positive relationships and friendships on the playground. This has been through their desire to be confident in their approach to help others, and they have managed to do this by encouraging others to be involved in different sports activities as well as setting up their own activities, which promotes teamwork and collaboration. By having their new buddy bench, our peer mentors have been successful when supporting and comforting their peers when needed.

Community Champions

This term, the Community Champions have been focusing on online safety, sharing ideas with other pupils for staying safe in school and at home and designing a competition around this. They have also looked at what Mental Health is and sent links to classes based around the brilliant film "Inside Out".

Sports Leaders

This term, Sports Leaders showcased a great deal of teamwork and enthusiasm during Lunchtime by helping out with different activities, personal challenges and Level 1 Competitions and all the while successfully encouraging children to take part and be more active
