

Year 5 Summer Term

Maths	<p>Place Value: The pupils will learn geometry this term. They will be learning to identify and measure angles as well as learn the properties of 2D and 3D shapes. The children will be able to identify parallel and perpendicular lines as well as identify the nets of 3d shapes. Also in this topic the children will be able to learn the properties of different triangles.</p> <p>They will also learn to use coordinated as well as translate and reflect shapes on a four quadrant grid</p> <p>The pupils will also be able to use their mathematical knowledge to solve different investigations</p>
English	<p>Arguments: The pupils will be looking at, and writing, one-sided and balanced arguments. They will be applying a range of persuasive language choices and punctuation. They will be learning to how research and incorporate supporting evidence.</p> <p>Diary entries: Children will be reading a range of diary entries and learning how to use the past tense with accuracy. They will be looking at the structural and language features of diaries, as well as exploring their purpose.</p>
Science	<p>Materials and Forces: Children will continue to learn about how different materials dissolve and can be separated.</p> <p>They will also learn about how different forces work in balanced ways and investigate how fast a car can travel down a ramp.</p>
LFL	<p>Topic: History of Our Local Environment Learning through: History, Geography, Art and Design</p> <p>The pupils will be able to explore the history of Saltley and Birmingham. Children will also have an opportunity to explore old photos from the area and compare them to the changes they see today. In Art they will get the opportunity to sketch images of buildings and local landmarks.</p>
RE	<p>Disposition: Participating and willing to lead The children will continue to look at what makes a good leader and learn about religious leaders who made a difference.</p> <p>Disposition: Being temperate, exercising self-discipline and cultivating serene contentment. Pupils will begin to lean about self-discipline and how many faiths across the world practise it.</p>
PE	<p>Please remember to bring your P.E. Kits in on a Monday and Tuesday.</p> <p>Your child will be developing their physical skills through: Cricket – learning how to defend and attack, learning the rules of the cricket game and the batting and fielding skills involved.</p> <p>Athletics: The children will be able to take part in a summer sports event and learn how to improve their running, jumping and throwing skills in a competitive environment.</p>
Homework	<p>We currently give it out on a Friday and receive it back on a Wednesday. Children have 1 Maths piece and 1 English piece with spellings going out each week. Also, home reading diaries should be signed daily to notify the teacher that your child has read for 10-15mins at home.</p>
